

Crystal Clean and Shine Covid-19 Cleanliness Standards

We have been/will be educating staff on:

- Prompting proper hand washing techniques
- To observe social distancing of 2 metres from anyone in the property
- Wearing face masks, although not mandatory, should be worn if a client asks for them to wear one

All staff to follow our guidelines as follows:

- To thoroughly wash hands before, during and after cleans with warm soapy water
- Using warm water when cleaning surfaces and mopping floors, to maximise the effectiveness of cleaning products
- Using disposable gloves
- Open windows where possible for ventilation
- Wash cleaning cloths at a high temperature after every clean

Our policy is to follow touch point cleaning guidelines, such as frequently cleaning touched surfaces i.e. door knobs, light switches, chairs, electrical equipment etc.

All surfaces should be cleaned with the appropriate product and disposable gloves to be used.

If staff display any Covid-19 symptoms then they cannot work and must self-isolate immediately for 14 days.

This property was professionally cleaned to current regulations by Crystal Clean and Shine.
